LIBRARIANS REDECORATE FOR FALL SEMESTER BY RACHEL MCGEE

Plans to expand the TC Campus Library commenced on August 18, 2008. Renovations feature an expanded collection area, a new quiet study space, updated carpet, vibrant wall colors, and comfy furniture.

Given the construction, the Library and staff office relocated. Visit the Library in its temporary location, LaSalle Hall room 158, where our librarians are happy to assist your researching needs. When not in the newly located Library, librarians may be found in the new library staff office—the LaSalle Hall Conference Room.

Stay tuned to renovation developments with our [flickr](#) account, which provides pictorial updates. (See [flickr article below for details](#)). There you can find renovation pictures and Library/Writing Center staff portraits.

LIBRARIANS IN YOUR CLASSROOM BY NYKOL JOHNSON

Do you want your students to know that research doesn't start and end with Google? We have over 40 databases filled with scholarly journals, magazines, and newspapers, reports, and more. A librarian can come to your class to show your students how to use these great resources that they may not be aware of or understand.

Please take a look at our [Instruction and Orientation page](#) for more information and contact us as soon as possible to set up library instruction for your fall classes.

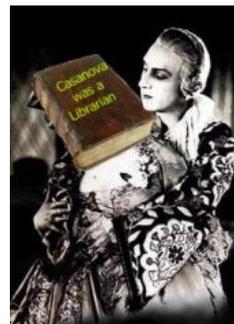

FEELING ILL? LET THE LIBRARY HELP! BY ANNA DRENNEN

Can't find what you're looking for at Saint Mary's Twin Cities Library? We'd love to help you find more resources at other MN libraries and beyond! Interlibrary Loan (ILL) is a complimentary service offered by the library. Just send us an email, give us a call, chat with us online, or even hand us a sticky note with your request information, and we'll promptly order it through Interlibrary Loan. You'll receive an email once we've received the materials, notifying you that they are available to pick-up. We also offer a complimentary mailing service if you're not on campus to pick up the items. Simply respond to the arrival email, and we'll send the materials to the requested address.

We love a good research question too. If you're not sure what materials are available on a given topic, we'd be happy to work with you to find great resources to supplement your personal research and instructional topics.

SPOTLIGHT: Famous Librarians

Seduced by the written word, Casanova joins the ranks of unthinkable librarians. (Book) check-outs were at an all-time high as Casanova wooed library patrons.

Visit TC Library's fabulous [flickr](#) page—<http://www.flickr.com/photos/tclibrary/>—to see images from your favorite urban academic library renovation and find out about new library purchases. Interactive pictures of new materials are organized by SGPP School (i.e. Education, or Health & Human Services). "Mouse over" a book or video shown in a photo, and a call number and hyperlinked title pops up, allowing you to read more about the item and check its availability in the library.
