### Permissions

Assessment tests may be checked out only by students enrolled in specific courses. Students in the MFT program may check out tests labeled MFT.

### Assessment Test Database

**PsycTESTS**

PsycTESTS provides access to published and unpublished psychological tests, measures, scales, and surveys, as well as descriptive information about the resources including their development, reliability and validity, and administration.

### Assessment Test Critiques

**Mental Measurements Yearbook with Tests in Print**

Mental Measurements Yearbook provides online reviews on current assessment tests. This database is good for students who want to evaluate testing products for education, marriage and family therapy, and psychology. Tests in Print is an index to assessment tests that are currently in print. This index provides reviews and information about each test that will help users make educated decisions regarding test quality and validity.

**Buros Institute of Mental Measurements Test Reviews Online**

Buros Institute of Mental Measurements Test Reviews Online is a great source for finding citations for reviews of psychological tests. Buros contains information regarding 3,000 tests. Note: Buros does not contain the actual tests.
