

Ebooks

Discover over 200,000 academic ebooks in SuperSearch.

Searching Ebooks

1. Go to Twin Cities Library's homepage: www.smumn.edu/tclibrary
2. Enter search terms into the SuperSearch box in the middle of the homepage.
3. Select Search.
4. Log in with your Saint Mary's username and password (off-campus only).
5. Select Show More under Type of Resource.
6. Select eBooks.

Reading Ebooks

You can view ebooks in SuperSearch, on a tablet or Kindle, or on your computer desktop.

Read in SuperSearch

1. Search for your ebook in SuperSearch.
2. Select PDF Full Text.
3. Read the ebook.

Download to Apple or Android

1. Install software based on your device.
2. Download the latest version of EBSCO ebooks from iTunes store or Google Play.
3. Create an Adobe account.
4. Write down your Adobe username and password.
5. Enter your Adobe ID to view the book in EBSCO ebooks.
6. Search for your ebook in SuperSearch.
7. Select Download (Offline).
8. Log into your My EBSCOhost account, which is the same as your SuperSearch account.
9. Select Checkout & Download.
10. Enter your Adobe ID after EBSCO ebooks opens (Apple and Android devices only).
11. Select Read Now or Read Later.

Download to Computer

1. Install Adobe Digital Editions: <http://bit.ly/download-to-computer>
2. Create an Adobe account.
3. Enter your Adobe ID to activate Adobe Digital Editions.
4. Search for your ebook in SuperSearch.
5. Select Download (Offline).
6. Log into your SuperSearch account.
7. Select Checkout & Download.
8. Select Open with or Save File from the pop-up box.

Ebook FAQs

What happens to a downloaded book at the end of the checkout period?

According to EBSCO, "After an ebook checkout has expired, the downloaded ebook file can still be found in Digital Editions but cannot be opened. You must manually delete the file from Digital Editions to remove it from your computer.

Note: This also applies to any portable devices (such as Apple or Android devices) to which you have transferred the ebook."

If I download a book and add notes, do the notes disappear at the end of the checkout period?

You can add notes to any ebook! Learn how at: <http://bit.ly/ebook-notes>. Notes disappear at the end of the checkout period, so print them prior to the due date. Note printouts contain each note and its corresponding page number.

What if someone checked out my ebook? Can I request it?

Our ebooks have unlimited simultaneous checkouts, but you can request them, too.

1. Select Download (Offline).
2. Enter your email address in the field provided.
3. Select Place Hold.
When the ebook is available, you are notified via the email address you provided and the ebook appears in the Checkouts area of your folder in SuperSearch.
