How to use: Sony ECM-F8 Flat Tabletop Mic

Step 1: Turn mic on (back panel)
(If you can’t twist it on with your fingers, try using a coin). See illustration →

Step 2: Plug “mini plug” end into microphone jack in computer tower or laptop.

Step 3: Computer should recognize microphone automatically—no need to do anything.

Step 4: Place tabletop mic in front of teacher computer station on a flat surface. The cord is over 3 feet long; stretch the mic out toward your students.

When finished:
Step 5: PLEASE REMEMBER TO TURN OFF THE MICROPHONE (back panel)
Step 6: Place in pre-paid envelope and slip in mail.
