Good Afternoon Merri-

I thought I would introduce myself and share some great opportunities at Allina Health! I partner closely with our site's CRNA opportunities. I wanted to share them with you to see if you have alumni in your network that may be looking for a new opportunity!

It's 2016! Allina Health has opportunities available for qualified experienced CRNA candidates. The New Year brings about the feeling of a fresh start and new goals! Allina Health supports many initiatives, including ways to embrace your winter wellness!

Whether you aim to get fit, manage pain or heal from an illness, the [Penny George Institute for Health and Healing](#) can help using a holistic approach that focuses on the mind, body and spirit. This philosophy and these services are being integrated into Primary Care Clinics, Mental Health, and other service lines. In a recent article on Allina's *healthsetgo* platform, the experts at Penny George share a few ways to remind us to stay active and embrace winter by:

- Move that Body!
- Calm your mind.
- Love your veggies.
- Make time for yourself.

Read the full article here: ["Embrace Winter Wellness."](#)

Please pass along to any alumni, who are interested in learning more about the positions to my contact information below! If you could kindly post our opportunities on your job board, it would be appreciated.

Highlighted Career Opportunities:

[16714BR : CRNA](#) - District One (Faribault)

If you have any questions about Allina or what we can do for you, I would love to touch base!
