

**Ministry Health Care** is actively seeking an experienced CRNA to join our Anesthesia team at Saint Mary's Hospital in Rhinelander, WI. You will join a care team model with three MDA's, 5 other CRNA's, and an anesthesia technician. You'll enjoy considerable autonomy and see a nicely balanced case mix. The successful candidate will be comfortable working independently and will share our commitment to quality health care and exceptional patient care.

- Full time; flexible schedule
- On call every 6th night FIRST call, always have day off after FIRST call, and there is NO SECOND call
- Common cases: general surgery, endoscopy, orthopedics, obstetrics and healthy peds
- Less commonly seen: gynecology, urology and dental
- Required skills: epidurals, regional blocks, spinals, IV starts and central line insertion
- The CRNA will be medically directed by an anesthesiologist 90% of the time
- Saint Mary's is a 99-bed acute care facility with 5 operating rooms and one endoscopy room
- Located in the heart of Wisconsin's picturesque Northwoods, Rhinelander is a well-known paradise for anglers, hunters, kayakers, cyclists, hikers, nature lovers, snowmobilers, cross-country skiers and outdoor enthusiasts alike. Residents enjoy the seasonal versatility of the many forests and lakes that surround the community.

Clinicians who have recently joined Ministry Health Care indicate that the excellent work/life balance combined with a friendly, thriving community was ultimately what drew them here. We invite you to explore our opportunity today!
