

CHILDREN'S MINNESOTA PEDIATRIC CRNA OPPORTUNITY

CHILDREN'S HOSPITALS AND CLINICS OF MINNESOTA, one of the top ten largest children's hospitals in North America, is seeking Board Certified Nurse Anesthetists (CRNA) to join our Anesthesia services in support of surgical, diagnostic, and therapeutic procedures.

Children's CRNA program provides coverage for up to 9 OR's per day and over 19,000 surgical cases per year. The CRNA's also provide 24/7 OR coverage to our Level 1 Pediatric Trauma program. In addition to the OR, our CRNA staff plays an integral role in ancillary services as needed throughout the hospital.

Casual opportunity: Children's is also seeking an experienced Pediatric CRNA for one of our outpatient ambulatory surgery centers. Please contact us for further information pertaining to this opportunity.

Qualifications: Applicant must be a graduate of an accredited CRNA program with current CRNA certification by the NBCRNA, and a RN/APRN license in the state of Minnesota. BLS and PALS certification required
